

SYARFANDI "ANDI" ACHMAD

Product Manager Makassar, Indonesia | +62 852-5652-2335 | syarfandi.achmad@gmail.com | Portfolio: syarfandi.github.io | LinkedIn

PROFESSIONAL SUMMARY

Strategic Product Manager with 4+ years of experience in leading high-impact digital products from discovery to launch. Expert in Product Strategy, Roadmap Planning, and bridging the gap between complex technical teams and business objectives. Proven track record of driving digital transformation in government and scaling large-scale startup ecosystems. Dedicated to delivering user-centric, data-driven solutions that solve real-world problems.

TECHNICAL SKILLS

- Product Management:** Strategy & Vision, Roadmap Planning, Prioritization (RICE/Kano), Market Research
- Agile Methodologies:** Scrum, Kanban, Sprint Planning, Backlog Grooming, Jira/Linear
- Product Discovery:** User Research, Persona Mapping, User Stories, A/B Testing, Prototyping
- Technical PM:** System Architecture, API Design, Database Design, SQL, Technical Documentation
- Data & Analytics:** Data-Driven Decision Making, Google Analytics, Looker Studio, Mixpanel
- Stakeholder Management:** Cross-functional Leadership, Client Relations, Risk Management

FEATURED PROJECTS

- Kawan Sedarah (Blood Stock):** A **command center** dashboard that tracks **blood stock** availability across donor units in **real-time**, powered by **Supabase** as its core backend.
- Portal Data Sulsel:** A unified information system delivering **data visualization**, **monitoring**, and religious **statistical analysis** across all districts in South Sulawesi in **real-time**.
- AI Virtual Assistant:** A **Conversational AI**-powered virtual assistant featuring **Realtime Lipsync** on 3D avatars, backed by **Voice AI** and **LLM** for immersive conversational interactions.
- GetKasir Enterprise POS:** A large-scale **Enterprise** POS ecosystem with **100+ modules**, integrating AI-driven sales prediction, **biometric** authentication, and a scalable **cloud-native** architecture.
- PPID Kemenag Kota Parepare:** A public information disclosure portal for **PPID Kemenag** providing access to **official documents**, **performance reports**, and an intelligent chatbot powered by **Google Gemini AI**.
- OP Tracker:** A premium logbook for tracking **One Piece** watch progress without login — equipped with automatic **filler filter**, **saga & arc** navigation map, and a gamified **pirate rank** system.
- QR Scanner Presence App:** A modern **attendance solution** leveraging **QR Code** scanning for instant participant check-in, built on a **Next.js** + **Supabase** stack with **real-time** sync.
- Malmora (Reseller & Dropship):** A **reseller & dropship** marketplace tailored for Muslim lifestyle products, enabling anyone to sell without physical stock across **Sulawesi and Eastern Indonesia**.
- Email Server Makassar Gov:** A city-scale **Mailcow**-based email cluster serving **200+ official domains** for Makassar City Government, hardened with **SPF/DKIM/DMARC** security protocols and **high-availability** setup.
- Helpdesk Kota Makassar:** An **e-government** system for handling **citizen complaints** digitally — featuring **real-time ticket tracking**, automated escalation, and cross-department integration across **Makassar City agencies**.
- Virtual Museum Makassar:** An immersive digital museum experience with **360° panoramic** tours, interactive **3D artifact** collections, and **audio-visual** narratives preserving South Sulawesi cultural heritage.
- AI-Haram VR:** A high-precision **virtual reality** simulation of **Al-Masjid Al-Haram** and **Al-Masjid An-Nabawi**, developed in **Unity** and optimized for both **VR headsets** and mobile devices as a Hajj & Umrath educational tool.
- Paralluta (Lalu Lintas):** A smart platform for **traffic management** in Makassar City — covering **road condition monitoring**, violation logging, and centralized **field officer coordination**.
- SOP Pelaporan Insiden Siber:** A **SOP** framework and **cyber incident response protocols** designed for **Makassar City Government** IT infrastructure, aligned with **BSSN** and **NIST Cybersecurity Framework** standards.

PROFESSIONAL EXPERIENCE

Regional Office of Ministry of Religious Affairs (South Sulawesi) | Makassar, Indonesia *Lead IT Specialist (Product Management)* | 2025 – Present

- Spearheaded the product vision for regional digital transformation, aligning multiple legacy services into a unified cloud architecture for 9M+ residents.
- Led the end-to-end product lifecycle of Data Sulsel, managing discovery, definition, development, and launch phases.
- Defined strategic roadmaps and success metrics (KPIs) for regional information systems, ensuring alignment with government mandates.
- Facilitated collaboration between technical engineers and non-technical stakeholders to deliver high-value public services.

Dinas Kominfo & Disbud Makassar | Makassar, Indonesia *Infrastructure & Product Expert* | 2023 – 2025

- Defined the strategic roadmap for city-wide secure communication tools, prioritizing user privacy and infrastructure reliability for 200+ gov domains.
- Facilitated stakeholder collaboration across 200+ government units to ensure product-market fit for internal and public-facing digital services.
- Successfully led the launch of the city-wide Helpdesk platform, streamlining citizen complaint management.

GetKasir (Enterprise POS Startup) | Makassar, Indonesia *Co-Founder (Product Lead)* | 2019 – Present

- Orchestrated the product strategy for a 100+ module enterprise retail ecosystem, balancing merchant feature requests with technical scalability.
- Prioritized high-impact features for the transactional engine, resulting in a 40% increase in merchant operational efficiency.
- Established Agile communication frameworks for a globally distributed, asynchronous engineering team to maintain high velocity.
- Managed product discovery for new market entries, identifying key retail pain points and translating them into technical requirements.

EDUCATION

Bachelor of Computer Science (S.Kom) GPA: 3.22 / 4.00

CERTIFICATIONS

Future-Ready Strategic Roadmap

To stay competitive in the global Product management market, I am actively implementing:

- Product-Led Growth (PLG):** Implementing data-driven strategies to drive user acquisition and retention.
- AI-Driven Decision Making:** Using advanced analytics to automate product roadmapping and prioritization.
- High-Agility Roadmapping:** Adopting continuous discovery and lean product principles for rapid iteration.
- Growth Hacking:** Mastering experimental-led growth to scale products in competitive markets.
